

# Intimate Strangers

Champaign

Oh...  
Ooh...  
Oh-oh...

We're just intimate strangers  
But it's too soon to talk about love  
We know we're intimate strangers  
But it's too soon to talk about love

I'm just one more man in your life  
And I get chills just thinking about you, girl  
My every days are spent checking you out  
Looking for you, checking you out  
And wishing you were mine

But we're just intimate strangers  
But it's too soon to talk about love  
I know, intimate strangers  
But it's too soon to talk about love

If I could reveal to the world  
The desires hidden deep inside  
My every nights are spent thinking of you  
Ooh, baby, thinking of you  
And wishing you were here

But we're just intimate ooh, strangers  
But it's too soon to talk about love  
You know we're intimate strangers  
But it's too soon to talk about love

I know, I know, oh, baby  
We're in love, baby  
You see, see  
I wanna hold you, hold you, girl

Oh...  
Oh, baby  
Oh!  
Wish I could say 'I love you'  
I love you  
Just hold me  
You know, you just wanna, ooh!  
Ooh, baby  
Ooh...

Ooh, baby  
Don't talk about it  
Strangers

We're just intimate strangers  
It's too soon to talk about love  
I know, I know, intimate strangers  
But it's too soon to talk about love

Oh, yeah, yeah, whoo, strangers  
But it's too soon to talk about love

Love, loving  
We're just intimate strangers  
Oh, it's too soon to talk about love, baby...
