

Keep It Up

Champaign

Look at you, your clothes wet from the rain, yeah
It's enough to drive a man insane

I got to keep it up for you tonight
If I keep it up, we stay tight, ooh...

You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up, yeah, girl
You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up

The wine has turned your tongue a cherry red, yeah
I watch your lips and start to lose my head

I got to keep it up for you tonight
If I keep it up, we stay tight, ooh...

You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up, yeah, baby
You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up, whoa!

Seconds turn to hours turn to days, yeah
How can we go on and on this way
The way you do it

I got to keep it up for you tonight
If I keep it up, we stay tight

Mm, baby, hold this, hold this
You can keep it up, oh-oh...

You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up, yeah
You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up

You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up, yeah
You can keep it up, keep it up, baby
You can keep it
You can keep it up, keep it up...
