

Love Games

Champaign

The wind could be approaching
Like a hurricane
But it wouldn't matter to me
As long as we had all our
Love, sweet, love games

The snow could be just a-fallin'
And freezing on the ground
But I'd be warm inside
As long as you're around
(Tell me, baby)
Love, sweet, love games
Love, sweet, love games

When I was younger
I did my learning after school
You beat everything I saw
Breaking rules with your
Love, sweet, love games
(With your love)
Love, sweet, love games
(With your love)

Sweet...
Love games
Love, sweet, love games
Mm-hmm...
Love, sweet, love games
Love, sweet, love games
(With your love)

Love...
Love, ooh...
(With your love)
