

# Drown

Chance Peña

You're all I know  
In this world you uncurl my mind  
I can't let go  
Of your hips with your lips on mine

Sharing all our gifts  
Find our peace out runnin'  
It is what it is so if it starts coming down  
Then let me drown, drown  
Call me by the name that only you can lover  
Resting in my shade not in the arms of another, wow  
Just let me drown, drown  
In you  
In you  
In you  
In you

Can't help myself  
You're my light when all else goes black  
Oh time will tell  
If we'll be doing things we said we'd better do or else

Sharing all our gifts  
Find our peace out runnin'  
It is what it is so if it starts coming down  
Then let me drown, drown  
Call me by the name that only you can lover  
Resting in my shade not in the arms of another, wow  
Just let me drown, drown  
In you  
In you  
In you  
Just let me drown  
In you  
Just let me drown  
Just let me drown  
Just let me drown
