

## Highs & Lows

Chance Peña

We walked through the waters  
The shallow's gettin' colder  
I know this is harder  
Outside of new love's protection  
Commitment ain't easy  
With two hearts beatin'  
Gotta dance through the seasons  
Whatever you need, best believe, I will be there

Through the highs and lows, the ebbs and flows  
All the things we can't control  
I hope you know that my heart is steady  
Through the highs and lows, I'll hold you close  
Like greed to gold, I won't let go  
I hope you know that my heart is steady

Let my love be your shelter  
Your words be my helper  
Keep us safe from the weather  
All's fine when we fight together  
Do my best not to let you down  
Lift you up when you're on the ground  
Nothing better than what we found  
With each other, not another, who could love me

Through the highs and lows, the ebbs and flows  
All the things we can't control  
I hope you know that my heart is steady  
Through the highs and lows, I'll hold you close  
Like greed to gold, I won't let go  
I hope you know that my heart is steady

Wooh-oh-oooh  
Wooh-oh-oooh  
Wooh-oh-oooh  
Oh-oh-oh  
Wooh-oh-oooh  
Wooh-oh-oooh  
Wooh-oh-oooh  
Oh-oh-oh

Through the highs and lows, he ebbs and flows  
All the things we can't control  
I hope that you know that my heart is steady  
Through the highs and lows, I'll hold you close  
Like greed to gold, I won't let go  
I hope that you know that my heart is steady  
Through the highs and lows, the ebbs and flows  
All the things we can't control  
I hope you know that my heart is steady  
Through the highs and lows, I'll hold you close  
Like greed to gold, I won't let go  
I hope you know that my heart is steady
