

I'm Enough

Chance Peña

You think you know me now
And that we're so in love
I hate to say you're wrong

Cause I don't know myself
Or what I want
Sorry if I take too long

I just get so sentimental
I have my days where I feel mental
I doubt myself just a little

But I know
That I'm enough, I'm enough, yes I'm enough
I'm enough, I'm enough, yes I'm enough

No I'll just let you down
And hurt you so much
Til you're gone

This is old known ground
And it hurts my soul
Knowing I can't be the one

I just get so sentimental
I have my days where I feel mental
I doubt myself just a little
But I know
That I'm enough, I'm enough, yes I'm enough
That I'm enough, I'm enough, yes I'm enough
That I'm enough, I'm enough, yes I'm enough
That I'm enough, I'm enough, yes I'm enough
