

Roll Your Eyes

Chance Peña

I'm a symbol of madness
You're a lover of the tragic
Do we need to know more?
I'm a blurrer of the fine lines
You're a draw to the moonlight
Do you really need to go home?
No, you don't wanna be alone
Don't wanna see me go
Don't roll your eyes
Just leave things at the door
Drag your feet across the floor
You know I'm right
Don't roll your eyes

If I said I wasn't perfect
Would it open up the curtains?
Would it make you feel at home?
Trust me babe, it's worth it
You're the only one who works it
I don't know what I did to deserve you
'Cause you don't wanna be alone
Don't wanna see me go
Don't roll your eyes
Just leave your things at the door
Drag your feet across the floor
You know I'm right
Don't roll your eyes
Your eyes
(Ooh)

No you don't wanna be alone
Don't wanna see me go
Don't roll your eyes
Just leave your things at the door
Drag your feet across the floor
You know I'm right
Right
'Cause you don't wanna be alone
Don't wanna see me go
Don't roll your eyes
Just leave your things at the door
Drag your feet across the floor
You know I'm right
Don't roll your eyes
Don't roll your eyes
