

# Suddenly

Chance Peña

All my life  
Put my needs out on the wayside  
Back of my mind  
Heart screaming that it can't hide  
Oh I've tried looking on the upside  
But open eyes can't fight the truth when it's time

Looking back at the years and what I'm faced with  
Are heart attacks combined with a complacence  
And what I lack I'll find in nameless places  
Take my time to fill the empty spaces  
Empty spaces

I'm sorry that it came so suddenly  
I know it hurts so bad that it just can't be  
How could a good love die, turn friends into enemies  
Oh it hurts so bad, it just can't be  
Oh, it just can't be  
Oh, it came so suddenly  
Oh, it just can't be
