

Kick Back

Chance the Rapper

Welcome to the kick back, the last of the summer
The night before we go we all gotta come up
You all gotta celebrate the glass right in front us
Grab a blunt and a loud and a glass with some rom
My momma's gone so we about to get so gone
First get the swishers out then get your roll on
Yeah, get the roads out, we 'bout to burn a whole zone
Please work it out until you're sitting on the ozone
A lot of hoes dressed up, a lot of fun they close on
First get the liquor out then get these hoes gone
Everybody feeling great, go and get your good on
But first get your bread out, everybody will put on
Wanna get the flight night go one and get to cracking
Why you getting mad, it's just a little madness
Sip on a body or a little bit of beer pong
In for the shorty, looking forward to the beer pong
Why you this struck, man, you wasn't ever here long
Oh, this night gotta last like the whole school year long

Welcome to the kick back, go ahead and kick back
Just keep my house clean before my momma get back
Keep on blasting if you wasn't gonna hit that
Go and pass the glass if you wasn't gonna sip that
I'm just gonna sit back, find a girl and chit-chat
Then find a good spot so maybe we can dips it
Dip off as soon as we get back do it all over again
Welcome to the kick back

Welcome to the kick back
Why you got that blunt in your hand, my nigga, split that
Why you show off if you ain't tryna get it in
Reggae in my ear while we blowing in the wind
Chasing on mixes, sip the juice after the gin
And I know it's strong, baby, but you gotta hold it in
And if you just getting here, all the smoke is in the bathroom
Niggas at the liquor store, they should be coming back soon
In this shit to win it so my eyes on raccoon, need a chance in this bitch
It's gonna be a rap soon

Welcome to the kick back, go ahead and kick back
Just keep my house clean before my momma get back
Keep on blasting if you wasn't gonna hit that
Go and pass the glass if you wasn't gonna sip that
I'm just gonna sit back, find a girl and chit-chat
Then find a good spot so maybe we can dips it
Dip off as soon as we get back do it all over again
Welcome to the kick back
