

Anchors

Chanel West Coast

Picked up the bag
But she don't get bags
But that's a real Birkin
Ooh, where she workin'
I want the yacht
I want what she got
Swear that she perfect
But I'm gon' earn it

You always goin' live
Just to show ya life
Everybody wanna seem famous
Wouldn't even know who be faking
Doin' it for the likes
That shit blow my mind
Everybody wanna seem famous
Wouldn't even know who be faking

Ooh, I'm just tryna find a way out there
They just wanna keep me tied down here
Gotta get away or I'll drown
Too many anchors in the shallow ground

I want the real of what they cappin' on
I hope that change is comin' fast baby
Stay out, show me what I need now
But if you see it in person
You know I earned it

You always goin' live
Just to show ya life
Everybody wanna seem famous
Wouldn't even know who be faking
Doin' it for the likes
That shit blow my mind
Everybody wanna seem famous
Wouldn't even know who be faking

Ooh, I'm just tryna find a way out there
They just wanna keep me tied down here
Gotta get away or I'll drown
Too many anchors in the shallow ground

I wanna be sailing
I wanna be sailing

You always goin' live
Just to show ya life
Everybody wanna seem famous
Wouldn't even know who be faking
Doin' it for the likes
That shit blow my mind
Everybody wanna seem famous
Wouldn't even know who be faking

Ooh, I'm just tryna find a way out there
They just wanna keep me tied down here

Gotta get away or I'll drown
Too many anchors in the shallow ground

I wanna be sailing
I wanna be sailing
