Chanel West Coast

Out in Hollywood with the extras
Every girl I know is a actress, a bad bitch
Every man I know is Mr. Cool Guy
Party every night, gettin' too drunk, too high
Everybody thinkin' that they stylin'
Fake it till you make it, we survive it
I been out in Hollywood bein' extra
'Cause we next to extra, extra
Extra, extra
(Extra, extra)

I don't wanna lose my soul
Walkin' on the stars that were made of gold
Started with a little, so she did the most
Felt invisible until she copped a Ghost
And she gon' speed off into the sunset (Skrtrt)
Shinin', goin' viral, don't get upset (Nah)
She gon' do a challenge, couple dances for the camera just to get the bag
Anything to stand out, now, why you gettin' mad? (Gettin' mad)

I can see the snakes in the grass when it's cut
House in the Hills, sippin' out the red cup
Now they want a taste of the flavor of the month
'Cause we goin' up, up (Yeah)

No matter what they believe, I just gotta do me
We just tryna succeed in the city of greed
A little heartbreak for a breaker
We just got to do another take now ('Nother take)
