

In The Clouds

Chanel West Coast

I'm walkin', feet don't touch the ground, touch the ground
Listenin' but don't hear a sound, hear a sound
I'm feelin' somethin' different now, different now
Ain't lookin' over shoulders now, shoulders now
We all come with some history, history
That slope we walk so slippery, slippery
Love just been a mystery, mystery
Chasin' dreams till victory, victory

Now there is no turnin' back, I ain't runnin' from my past
I can't read you, no
Something better than before knockin' at my front door
Will it be enough?

I keep my head in the clouds and I'm not comin' down, no
Don't like the view from the ground, I keep my jewels in the crown
I keep my head in the clouds and I'm not comin' down, no
I get lost in the crowd so I find a way out

They think they got it figured out, figured out
Is it for the money or the clout, or the clout
Why we lost in commas now, commas now
Tell you 'bout the wheres and whys, but not the hows

Now there is no turnin' back, I ain't runnin' from my past
I can't read you, no
Something better than before knockin' at my front door
Will it be enough?

I keep my head in the clouds and I'm not comin' down, no
Don't like the view from the ground, I keep my jewels in the crown
I keep my head in the clouds and I'm not comin' down, no
I get lost in the crowd so I find a way out

Closer than my closest, you ain't got [?]
Unbreakable
When I'm lower than my lowest, your hands are on my shoulders,
lord
Unstoppable

I keep my head in the clouds and I'm not comin' down, no
Don't like the view from the ground, I keep my jewels in the crown
I keep my head in the clouds and I'm not comin' down, no
I get lost in the crowd so I find a way out
