

Pursuit Of Happiness

Chanel West Coast

Don't ever let somebody tell you, you can't do something
Not even me, alright? Alright
You gotta dream, you gotta protect it
If people can't do something themselves
They wanna tell you, you can't do it
You want something, go get it. Period

Yeah, west coast, yo, uh huh
I remember when nobody believed in me
But now I'm about to prove them wrong

September 1st '88, the first day of my fate
To be the greatest, so I say this to myself "I can't wait"
I gotta put in work so I can get this money stacking
I gotta put in work so I can get the crowd reacting
You ain't gon' be the best, I confess if you gon' be resting and not guess
Still got ways to go but my goal is to finish the lesson, I think that
We are all just human and this world is for the proven
So many out there of us choosing to stay losing, never moving
But you know about that life so I can be living it right
St. Tropez in the summertime, global express, private life
Studios all night, ain't coming outside 'till the outcome right
Oh, out come alive, oh might get you right, here's a heart cause you only ge
t one life

I'm on the elevator to my penthouse
Two fingers for the haters, tell 'em peace out
I'm living major, now living my dreams out
Ain't no contesting that all of your lives just a lesson

I said nothing is gonna st-stop me (stop me)
Nothing is gonna st-stop me (stop me)
Said nothing is gonna st-stop me (stop me)
I'm gonna be whatever I wanna be
Cause nothing is gonna st-stop me

To be the cream of the crop, put the cream on top
With a mean drop top, my team don't stop
And I seize the top when my album drops
Gon' seize the spot like I just been shot
Go hard like rock, on a dock like truck
I'm never gon' flop, I fly like high
My time tick-tock, my whip don't stop
And I won't stop 'till I get my props

I do it for myself, do it for my crew
We do it like a stealth cause you never see my crew
All eyes on me, that's my favorite record
West coast I'll be, rapping all three Heaven

I'm in my lane and I'm not ever pulling over
High like crane and I'm not ever going sober
Know my name and they feel me just like a groper
On my campaign, household name like Oprah

I'm on the elevator to my penthouse
Two fingers for the haters, tell 'em peace out

I'm living major, now living my dreams out
Ain't no contesting that all of your lives just a lesson

I said nothing is gonna st-stop me (stop me)
Nothing is gonna st-stop me (stop me)
Said nothing is gonna st-stop me (stop me)
I'm gonna be whatever I wanna be
Cause nothing is gonna st-stop me

Haters want to hate us cause they can't be us
Living for the moment, hold our hands way up
Haters want to hate us cause they can't be us
Living for the moment, hold our hands way up

Nothing is gonna st-stop me
Nothing is gonna st-stop me
I said nothing is gonna st-stop
Nothing is gonna st-stop
Whatever I wanna be cause
Nothing is gonna st-stop me

I'm on the elevator to my penthouse
Two fingers for the haters, tell 'em peace out
I'm living major, now living my dreams out
Ain't no contesting that all of your lives just a lesson

I said nothing is gonna st-stop me (stop me)
Nothing is gonna st-stop me (stop me)
Said nothing is gonna st-stop me (stop me)
I'm gonna be whatever I wanna be
Cause nothing is gonna st-stop me

I'm on the elevator to my penthouse
Two fingers for the haters, tell 'em peace out
I'm living major, now living my dreams out
Ain't no contesting that all of your lives just a lesson

I said nothing is gonna st-stop me (stop me)
Nothing is gonna st-stop me (stop me)
