

# Tinted Windows

Chanel West Coast

I got a whip it don't matter what it say on it  
Got some green it don't matter what the weight on it  
Keep my booty on purp you can lay on it  
Know the name you a lame if you laid on it  
Women crush Wednesday, west coast day  
Get your boo 'cause he got me on a his screensave  
Keep on saying what you want but I say paid  
I can sleep all day till pay day  
You can forget it though I will just let you know  
You got a long way to go mane  
Play time is over and I am the mother  
But used to partake in that show and tell

And I'm tossed up tonight tonight  
Get my boss tonight  
Tinted, tinted, tinted windows  
They can't see us  
Tinted, tinted, tinted windows  
They can't be us  
So you can forget it 'cause I'ma keep getting it  
Tinted, tinted, tinted windows

Got a view it don't matter what it look like  
I'm a female it don't matter what I be like  
I don't know what the time is but the time's right  
What the fuck am I doing for a Klondike  
And I'm in this man,  
I be wacking up two smells of money like folgers  
I ain't tripping fam, the weight of the world is simply on my shoulders  
Show and tell these, go and tell me  
Haters just leave, please let me breathe  
Pardon my sneeze, I'm allergic to bullshit  
I got allergies, I got allergies

And I'm tossed up tonight  
Get my boss tonight  
Tinted, tinted, tinted windows  
They can't see us  
Tinted, tinted, tinted windows  
They can't be us  
So you can forget it 'cause I'ma keep getting it  
Tinted, tinted, tinted windows  
They can't see us  
They can't be us  
They can't see us  
They can't be us

And I'm tossed up tonight  
Get my boss tonight  
Tinted, tinted, tinted windows  
They can't see us  
Tinted, tinted, tinted windows  
They can't be us  
So you can forget it 'cause I'ma keep getting it  
Tinted, tinted, tinted windows
