

## Glow Of Love

Change

Flower's bloomin', mornin' dew  
And the beauty seems to say  
It's a pleasure when you treasure  
All that's new and true and gay

Easy livin' and we're givin'  
What we know we're dreamin' of  
We are one havin' fun  
Walkin' in the glow of love

Walking, ooh, whoa, ho oh whoa

Smilin' faces, goin' places  
It's a wonder, it's so clear  
By a fountain, climbin' mountains  
As we'll hold each other near

Sippin' wine, we try to find  
That special magic from above  
As we share our affair  
Talkin' in the glow of love

Oh, oh, ooh  
In the glow of love  
Ooh ooh ooh

(Here in glow of love) You're a shinin' star  
(Here in glow of love) No matter who you are  
(Here in glow of love) So I want to let you know you move me, y  
eah, yeah

(There is no better way to be) Hold me, caress me  
(I'm yours forever and a day) We are a sweet bouquet, ey, hey  
(Seasons for happiness are here) Can you feel it all around you  
(Reason we're filled with cheer is we're in rapture it in the g  
low of love)

Ooh ooh ooh ooh oh
