

All Day, All Night

Changing Faces

No no no no
No no no no no
No no no no
No no no no no

All day, all night
All day, all night

[Cassandra:]
You used to be someone I could hold
You used to be somebody I could talk to
But now everything has gone wrong
Why the hell do you expect me to sweat you

[Charisse:]
Everytime I ask you
You up and walk away
Drama is all you bring me
That's why I gotta say parlay

All day, all night
(I need a man who's gonna do me right)
All day, all night
(That's the kind of man I need in my life)

[Cassandra:]
You used to take me out on the town with you
And kept your arms wrapped around me
Now every time I turn around, I'm beggin' you
But dammit you're too blind to see

[Charisse:]
Everytime I page ya (every time)
You never return my calls
Now I know why I'm leavin'
Cause you don't give me your all

All day, all night
(I need a man who's gonna do me right)
All day, all night
(That's the kind of man I need in my life)
All day, all night
(I need a man who's gonna do me right)

Nah nah nah
Nah nah nah nah nah

No more strokin' up and down
You're too busy
Foolin' Around
No more strokin' up and down
You must be zonin' boy
