

FORGIVE ME

CHANMINA

Do I make you nauseous
Do I make you shy
Are you mad I got options
Does it make you cry
When I talk I'mma say what I say what I want
When I wanna do I'mma do what I want
Brrr, they call from Paris, fuck it I'll wear it
I could make a check from my walk

Woo I'm just exactly, I'm just
Who you say I am

Of course I'm a bad bitch, can you forgive me
I'm with your favorite idol can you forgive me
And If I kiss her, tell me can you forgive me
Can you forgive me

Diamonds on my wrist, can you forgive me
Didn't pay for what you see in my bikini
And I don't even give a fuck if you forgive me
Please forgive me
