

Miso Soup

CHANMINA

He wants miso soup
Miso soup
At 4am after the party
He wants miso soup
Miso soup
Man you know he all about me
Take me to a spot
That you know in LA
Baby if it's good
Then I'll stay at your place
Baby likes miso soup
Miso soup
La la la la la la la la
He loves me...

La la la la la la la la
He loves me...
La la la la la la la la
He loves me...

I know that I'm saucy
And I bring the dashi
You gotta put my heart first
If you grab a spoon
I'll make you say umami
Do you got the nerve?

'Cause boys like you just want some flavor
Come and warm me up
I'll give you one night you can savor
Maybe we should
Love?

I can see you're starving
And how bad want me
Lemme quench your thirst

We gonna stir it up
Add in more shiitake
You get seconds if it's deserved

'Cause boys like you just want some flavor
Come and warm me up
I'll give you one night you can savor
