

Picky

CHANMINA

Picky, picky
I know what I want, give me what I need
Picky, picky
Quick to cut you off, you ain't up to speed
Picky, picky
Ain't got what I want, ain't got what I need
Picky, picky
Quick to cut you off, you ain't up to speed
Picky, picky
Picky, picky, picky
Picky, picky
Picky, picky
Ain't got what I want, ain't got what I need
Picky, picky
Quick to cut you off, you ain't up to speed

I go distant like fuck the roses
I'm on some cold shit
Go ghost in that phantom rolls then
Shut off emotion
I'm running through the city in my bag
Got them bitches mad
All across the map, cams flash
I don't bat a lash

Star shit up, I'mma be the finisher, okay (Okay)
Pretty face but don't make me get sinister, okay (Okay)
Kill the fake love
Fake friendships
And the small talk
Get me clear, keep the shears
Quick to cut it all off

Savage Tenshi janaishi
Iyanakoto wa iyadashi betsun
Koi midori ato chesu to magatteru sen
