

Black Flowers

Channel Zero

Dead Flowers turning Black
Ain't seen the white light
Feels like I'm stuck in the ground
somehow erase the sound
Dead Flowers
Back from The dead
My skin it feels alright
Black Flowers Once dead
White Light will come soon

Where are we now x2
Black Flowers abloom
Where are we now x2
White Light is in the room

Dead flowers turning Red
You ain't seen nothing yet
Feels like it's going down
Feels better the second round
Dead Flowers back from the dead
My skin it feels alright
Black flowers once dead
Bright light will come soon

Where are we now x2
Black Flowers abloom
Where are we now x2
White Light is in the room

Hey Now ain't gonna
Fade Away now
It's gonna take the pain out
Hey Now
Black Flowers Abloom
Ain't gonna fade away now
It's gonna take the pain out
Hey Now
Yeah...
Hey Now
Here we go Hey Now...
O yeah...

Hey Now ain't gonna
Fade Away now
It's gonna take the pain out
Hey Now
Hey now yeah yeah yeah yeah yeah
Where are we now x2
Black Flowers Abloom
Where are we now x2
White Light is in the room

Black Flowers going dead ain't seen nothing yet
Feels like I'm stuck and they'll be back
Yeah yeah we'll be back
Yeah yeah we'll soon be back
