

# Keep Going

Chantal Kreviazuk

Look to the right  
You see 'em comin' up on ya  
Keep your mind  
I tell you, "He's got nothing on you"

Waste of time  
No one's making fun of view  
Forty-five  
Listen, you might learn something

Blink it's a rear-view mirror  
Scared, that you might not hear

Don't be afraid of your fears  
They're yours, you can drown them with tears  
If you're out of your zone, gold is near  
Trust me, I've been there

You know it, keep going  
You know it, keep going  
Yeah, you know it, keep going  
You know it, keep going

I've served my time  
But now the sun's too bright you see  
The will to survive  
Tell me, who is gonna fight for me?

It's a fine line  
Between never and now, baby  
Run and hide  
But regret can find everything

Blink, it's a rear-view mirror  
Scared, that you might not hear

Don't be afraid of your fears  
They're yours, you can drown them with tears  
If you're out of your zone, gold is near  
Trust me, I've been there

You know it, keep going  
You know it, keep going  
Yeah, you know it, keep going  
You know it, keep going

You know it, keep going  
You know it, keep going  
Yeah, you know it, keep going  
You know it, keep going

'Til the day I die  
'Til the day you die  
'Til the day you die  
'Til the day you die  
'Til the day you die
