

# Everyday

Chanté Moore

Everyday, everyday, everyday, everyday  
Baby, everyday, everyday, everyday, everyday  
Everyday

Used to  
Fell in love with a men of trust  
Now I think you can tell my heart  
Is too far in a trance to let go  
I wanna go (wanna go) with you  
Tell me, anywhere (anywhere) you want me to go  
Look at me  
Everything I have, I mean it

Everyday (everyday)  
Wanna be there beside you (wanna be there)  
Everyday, wanna love you right (everyday)  
Baby, everyday, just to have and to hold you  
(Have and to hold you)  
Everyday wanna treat you right

Guess it's easy to say  
That my heart is here to stay  
You never cease to amaze me  
Now I know  
I wanna go (I wanna go, wanna go) with you (with you)  
Anywhere that you me to go  
Look at me (look at me)

Everyday, wanna be there beside you (right beside you)  
Everyday, wanna love you right  
Baby, everyday, just to have and to hold you (hold you)  
Everyday wanna treat you right  
Everyday, wanna be there beside you  
Everyday (baby, baby), wanna love you right  
Baby, everyday (everyday), just to have and to hold you  
Everyday wanna treat you right

Everyday, everyday, everyday, everyday  
Everyday  
Yeah, yeah, yeah  
Everyday  
Everyday, when I'm around you  
Everyday, my love, wanna love  
And every night  
Treat you, treat you right  
Everyday, my love, wanna treat you right

Everyday, wanna be there beside you  
Everyday, wanna love you right  
Baby, everyday, just to have and to hold you  
Everyday wanna treat you right  
Everyday, wanna be there beside you  
Everyday, wanna love you right  
Baby, everyday, just to have and to hold you  
Everyday wanna treat you right  
I wanna go with you  
Everyday, wanna be there beside you

Everyday, wanna love you right
