

# I'd Be a Fool

Chanté Moore

If I I ever loose you  
If I ever let you go  
I would be tearing my own heart out

What would I do  
I see you and I got a good thing  
Want it to stay that way  
If I ever broke your heart you broke mine  
Baby I cursed the day

One thing I know that I would  
That I'd be a fool  
If I lost you  
Singing in the blue  
Oh it follows you  
Yes I'd be a fool  
Singing my blues  
And if I lost you

Oh I'd be a fool oh baby

You know sometimes  
We argue back and forth  
You be fussing and cussing  
But that don't stop us from making up  
Hugging and loving  
If you've got a love of your own  
Don't ever let it go  
Cherish the love

Value that good thing  
Cause one thing I know for sure

One thing I know that I would  
That I'd be a fool  
If I lost you  
I'd be singing the blues  
If I lost you  
That I'd be a fool  
Singing the blues  
Yes I'd be a fool  
If I lost you  
Baby I'd be a fool  
Still don't wanna loose ya  
I I I'm not giving up what we got  
Cause we still got a good thing  
I'd be a fool  
Singing the blues  
And so would you
