

# Pressure

Chanté Moore

Been together for one month  
I think we know each other somehow  
And we've only figured out how  
How to hold each other down now  
But I don't want you to get comfortable  
I just wanna know you love me  
And I think I got that on the regular  
So you know that ain't hurt sing on

I know it is good in the service  
But I gotta know he move with a purpose  
I know it ain't easy but it's worth it  
It ain't easy but I'm worth it  
I am so in love I ain't complaining  
I ain't in no rush  
Baby I'm just saying  
Girls like me you keep forever  
No more searching it gets no better  
No pressure no pressure no no pressure no pressure no  
But I ain't gonna wait forever  
Lurking since we've been together  
No pressure no pressure no no pressure no pressure no

I know you probably think I'm tripping  
Probably think there's something missing (oh no)  
You sounded like a pretty mission  
But baby I just had a vision  
I'm not gonna be the one to push you to the altar  
All you gotta do is lead me baby  
And I'm gonna follow

I know it is good in the service  
But I gotta know he move with a purpose  
I know it ain't easy but it's worth it  
It ain't easy but I'm worth it  
I am so in love I ain't complaining  
I ain't in no rush  
Baby I'm just saying  
Girls like me you keep forever  
No more searching it gets no better  
No pressure no pressure no no pressure no pressure no  
But I ain't gonna wait forever  
Lurking since we've been together  
No pressure no pressure no no pressure no pressure no

It ain't like I'm worried or in a hurry  
But I gotta know I'm not waisting my time  
You could have it all or you could lose it all  
Baby it's your cause  
You know that I'm what you are

Girls like me you keep forever  
No more searching it gets no better  
No pressure no pressure no no pressure no pressure no  
But I ain't gonna wait forever  
Lurking since we've been together  
No pressure no pressure no no pressure no pressure no

Girls like me you keep forever  
No more searching it gets no better  
No pressure no pressure no no pressure no pressure no  
But I ain't gonna wait forever  
Lurking since we've been together  
No pressure no pressure no no pressure no pressure no  
  
So take your time but hurry up
