

Right One

Chanté Moore

One breath is all it takes
One heartbeat at a time
Don't look too far off in the distance
These are mountains left to climb
I don't worry about the end
'Cause I know the fight is fixed
He says to me over and over
"I love you, commend"

Who said too many mistakes
Who said you could never change
They must know about Your grace
I'm living to live again
Look back, remember when
I had no hope
Couldn't see through my tears

The right man, never thought I'd find
At the right time, He's one of a kind
The right love, just what I needed
Saved my life
Know that I don't deserve it
Nothing I've done to earn it (nothing I did)
All of the pain was worth it
'Cause the right one saved my life

He saved me
He saved me
He saved me
He saved my life

Every time I make a mess
You remind me it's okay
The scars that you see are the lessons
And the beauties in the pain
Searching for relief
While your mercy chases me
If I knew back then what I know now
I wouldn't change a thing

Who said too many mistakes
Who said you could never change
They must know about Your grace
I'm living to live again
Look back, remember when
I had no hope
Couldn't see through my tears

The right man, never thought I'd find
At the right time, He's one of a kind
The right love, just what I needed
Saved my life
Know that I don't deserve it
Nothing I've done to earn it
All of the pain was worth it
'Cause the right one saved my life

He saved me
He saved me
He saved me

My life is better
So much better than it used to be
Love feels better
Better when I let you leave
Life is better
Knowing you'll always be around
So glad I found

The right man, never thought I'd find
At the right time, He's one of a kind
The right love, just what I need
Saved my life, so glad you saved me
Know that I don't deserve it (I'm so unworthy)
Nothing I've done to earn it (I don't deserve it, no)
All of the pain was worth it
'Cause the right one saved my life
