

We Up

Chanté Moore

If I had a million dollars
I would buy the air between us
Trying to hop on a plane and reach out
It's only me and you nobody else
Baby, we don't need nobody else

Feeling on top of the world
Feeling on top of the world right now
Ain't no one stopping us, boy
Ain't no one stopping what we've got for real
We got our backs against the wall
We got the time to do it all
We got the time to do it all
We got the time to do it all

We up, it's our time, yeah, we got it
We up, we blissed over body
We up, it's our love for the hustle
We up, yeah, we up

Ain't nobody hustle hiding
And me and my baby my baby
Only option is to make it
Misses for the taken
Nobody get it twisted
Don't let it be mistaken

Feeling on top of the world
Feeling on top of the world right now
Ain't no one stopping us, boy
Ain't no one stopping what we've got for real
We got our backs against the wall
We got the time to do it all
We got the time to do it all
We got the time to do it all

We up, it's our time, yeah, we got it
We up, we blissed over body
We up, it's our love for the hustle
We up, yeah, we up

Give me next stop give me next stop
Gotta get a red up get a red up
They don't understand us understand us
Don't wanna hand up wanna hand up
Don't care about standing ovations
Just get a reservation
And we up, we up
Ain't no one stopping us right now

We up, it's our time, yeah, we got it
We up, we blissed over body
We up, it's our love for the hustle
We up, yeah, we up
We up, it's our time, yeah, we got it
We up, we blissed over body
We up, it's our love for the hustle

We up, yeah, we up
