

Ethical Plum

Chaos Chaos

I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal

I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal

I'm no good at following orders
I want you to own me
But I can't be yours
It's just how I roll
I don't wanna lose
Drop me in a drawer
I am not you clothes
You can't fold me up
Put me away

Like that girl in your dreams
Your life is an orgie
Send it in emoji
My life's a shitshow
I just want some glory
Pack it up into a love story

I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal
I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal

I'm no good at following orders
I want you to own me
But I can't be yours
Though I know I'm OG
I don't wanna lose
You know I'm not a brownie
I was more a boy scout
I just want some glory

Yeah, yeah
Im'a eat that cookie like a boy scout, yeah
Pretty like an actress, got my lens on flare
Flashback to when bullies threw my lunch out, damn
Now she wanna smoosh like Snooki when that boy bounce, yeah

2103 in the
SRT
Baby, I'm not stalling
Shawty don't speak
If it look too cheap
You would think she's foreign

I know it's only been a week but
You could be my Billie Jean
'Cause pretty girls got pretty genes
And I need them inside of me

I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal
I didn't know how to be honest
I didn't know how to be real
I only knew how to be flawless
I only knew how to conceal
