

Leech

Chaos UK

Politicians one after one
Creating havoc and having fun
Pulling our lives to bits and pieces
Sucking and crawling like common leeches
Vote for me, I'm SDP
No vote labour, no vote Tory
You don't know which one to choose
It doesn't matter, you'll always lose

You're just a load of pointless bastards;
You haven't got a brain
You're just a load of pointless bastards;
You're driving me insane

What makes people vote 'em in
I can't see the reason
There's no justice in the lot of 'em
They're all just legalized treason
Police harassment on our streets
Nuclear war at our feet
Unemployment up again
It's just for their financial gain
