

# Fly Away

Chauseum

Are you there  
I'm here in your arms  
Where are you been  
Stuck on a way

I made my falling  
It was my fault

Can you hear me?  
Can you feel me?

Fly away  
Now it's time to be another thing  
Fly away  
A voice that can help for anything  
Fly away  
But I won't deny  
I'll need you  
That's why I'll be there for you

Are you still here  
I am all around  
Will you leave

Could make you believe it  
I won't break this bond between our souls  
It's a new beginning  
Please just feel it  
Fly away

Now it's time to be another thing  
Fly away  
A voice that can help for anything  
Fly away  
But I won't deny  
I'll need you  
That's why I'll be there for you

My last place is worthless  
If am not here for you happiness  
My last chance is to see your face  
If I don't do it I'm a useless  
Don't fall down  
I beg you  
My soul is still around

Painless  
Uncursed  
Faithless  
Stronger  
I will never let you down

I don't wanna be just a name on a wall that time will erase

Just a noise so widd  
A whisper underrated  
That no one will listen!

Fly away  
A voice that can help for anything  
Fly away  
But I won't deny

I'll need you  
That's why I'll be there for you  
Fly away

Now it's time to be another thing  
Fly away  
A voice that can help for anything  
Fly away  
But I won't deny  
I need you  
That's why I'll be there for you  
For you
