

Until The End

Chauseum

I don't care about the weather
I don't care to know if I can be strong
Try to support my mother
(I'm trying so hard)
I stand here like a stone

I'll be waiting
Waiting til the end
I'll be waiting
Waiting til the end
Until the end

I don't care if others see me

Cry like the child that you knew
Cause I bring so many tears for you
But before I must go carry you

I'll be waiting
Waiting til the end
I'll be waiting
Waiting til the end
Until the end

Sleep well, I cry for you
I cry for you

I'll be waiting (waiting)
Waiting til the end (I cry for you)
I'll be waiting
Waiting til the end (I cry for you til the end)
I'll be waiting
Waiting til the end (I cry for you)
I'll be waiting, waiting, waiting, til the end

Until the end
Until the end
Until the end
Until the end
Until the end
