

# I Am... the Assassin of God

Chaostar

They created me as their sword  
And clothed me in chaos  
So my form may be ever hidden  
In the shadows

I am the mask, the will,  
The punishment  
Of those that were  
When time was not  
Of those who breath beyond time

I am the priest of the ether  
The knight of the astral  
The assassin of dimensions  
Punisher of the renegades  
I am the dweller in the air  
I have many faces that non shall

The waves breeze before me  
Even my creators dread my call  
In men's dream I whisper  
On the souls of the rebels I feast  
No one knows my form  
I am the assassin of Gods
