

## Misery's King

Chaostar

Winds listen to me  
And carry my voice as far as there are ears to hear  
Clouds lift my spirit to the open doors of heaven  
Eleven times the earth has offered a ring to her beloved since  
the  
day I reached this lonely place.  
This lonely place...

Now I am Misery's King!

These rocks became my Palace  
I am King without one subject  
Hallucination is my faithful servant  
When I feel sad I am dancing with my thoughts  
I tried to lock inside me  
Something young, Something vivid  
But in vain...

Now I'm Misery's King!
