

24 Hours

Chapel

If you need some space move to California
It's not this hard just to solve a problem

So come back I'm not mad
We can do what you wanna
Just know that it's not bad
To let it all out

In 24 hrs it'll all be whatever
In 24 hrs you'll see
It won't take forever to feel put back together
So give it some time and you'll see

The things we say when we air out our drama
Won't change the way that I think about ya

So come back I'm not mad
We can do what you wanna
Just know that it's not bad
To let it all out

In 24 hrs it'll all be whatever
In 24 hrs you'll see
It won't take forever to feel put back together
So give it some time and you'll see

In 24 hrs it'll all be whatever
In 24 hrs you'll see
It won't take forever to feel put back together
So give it some time and you'll see

In 24 hrs it'll all be whatever
In 24 hrs you'll see
It won't take forever to feel put back together
So give it some time and you'll see
