

# Don't You Love Me

Chapel

I hope I'm figured out by the time I'm thirty  
I'm tired of waking up to ramen in the early  
Forever seems lonely without you

I hate the way it feels  
Can we go back  
To the taste of something real  
Can you show me that  
I will always wait for you

Ooh, I think I'm in love with you  
It's true, I can't get enough of you  
Don't you love me too

She's kinda classic baby  
Call her Bill Murray  
She had me sprung just a little prematurely  
She ghosted my two-for-twenty  
It's a cheap date when you're eating alone

I hate the way it feels  
Can we go back  
To the taste of something real  
I can show you that

Ooh, I think I'm in love with you  
It's true, I can't get enough of you  
Don't you love me too

Don't you love me too  
Don't you love me too  
Don't you love me too

Does he bore you half to death  
Should've listened to what your momma said  
I wanna find love, whatever that means  
Someone who's obsessed  
Obsessed with the flesh on me  
But I will always wait for you

Ooh, I think I'm in love with you  
It's true, I can't get enough of you  
Don't you love me too  
(Don't you love me too)  
Don't you love me too  
Don't you love me too  
Don't you love me too  
Don't you love me too
