

Fool's Gold

Chapel

Oh, tell me about the boy you love
And how he's gonna save you from the hell you deserve
You vandalized your past with achievements you're making
But a splash of paint can be covered in a weekday

God, show me what love feels like
I've never felt it, never felt it

Was it the sex I gave
Or the lies I told?
Mistakes I've made
Or the bones I broke?
To hell with you
To hell with you
Did I care too much?
Was I just too cold?
I messed it up
Now I'm all alone
To hell with you
To hell with you

In the morning I take my daily dose of stress
Black out just to make it through the day
I wanna get drunk with my dead friends again
'Cause they sure knew how to fucking live

Was it the sex I gave
Or the lies I told?
Mistakes I've made
Or the bones I broke?
To hell with you
To hell with you
Did I care too much?
Was I just too cold?
I messed it up
Now I'm all alone
To hell with you
To hell with you
To hell with me, too

As my hair recedes I still don't
Know what's best for me, I found God
So people won't judge me
For doing absolutely nothing

As my hair recedes I still don't
Know what's best for me, I found God
So people won't judge me
For doing absolutely nothing

Was it the sex I gave
Or the lies I told?
Mistakes I've made
Or the bones I broke?
To hell with you
To hell with you
Did I care too much?

Was I just too cold?
I messed it up
Now I'm all alone
To hell with you
To hell with you
To hell with me, too
