

## Coffee

Chappell Roan

Can't meet you for dinner at the Italian place  
It's where I met your family, some words were exchanged  
I'd suggest the jazz bar on MaryAnn Street, but  
You'd buy me a drink, and we know where that leads, so

I'll meet you for coffee 'cause if we have wine  
You'll say that you want me, I know that's a lie  
If I didn't love you, it would be fine  
I'll meet you for coffee, only for coffee  
Nowhere else is safe, every place leads back to your place

You said let's do the park, 'cause I love the park  
That may be true, but God forbid it gets dark  
Here come the excuses that fuel the illusions  
But I'd rather feel something than nothing at all, so

I'll meet you for coffee 'cause if we have wine  
You'll say that you're sorry, I know that's a lie  
If I didn't trust you, it would be fine  
I'll meet you for coffee, only for coffee  
Nowhere else is safe, every place leads back to your-

We've done this before  
And I don't need it anymore

So let's not do coffee, let's not even try  
It's better we leave it and give it some time  
If I didn't love you, it would be fine  
'Cause If we do coffee, it's never just coffee  
It's never just coffee
