

# Super Graphic Ultra Modern Girl

Chappell Roan

You know what they say, "Never waste a Friday night on a first date"

But there I was, in my heels with my hair straight  
And so I take him to this bar, this man wouldn't dance  
He didn't ask a single question  
And he was wearing these fugly jeans  
It doesn't matter though, he doesn't have what it takes to be  
With a girl like me

Not overdramatic, I know what I want  
We're leaving the planet and you can't come

Uh-huh, I'm through with all these hyper mega bummer boys like you  
Oh yeah, I need a super graphic ultra modern girl like me  
We're hot, we're drunk, wow, look at her moving, baby, she's the one  
Oh yeah, I need a super graphic ultra modern girl like me

Telling secrets there on the mattress  
Wearing nothing but glitter and lashes  
At every party we're the party, shaking our asses  
Making out while the world collapses

Not overdramatic, I know what I want  
We're leaving the planet and you can't come

Uh-huh, I'm through with all these hyper mega bummer boys like you  
Oh yeah, I need a super graphic ultra modern girl like me  
We're hot, we're drunk, wow, look at her moving, baby, she's the one  
Oh yeah, I need a super graphic ultra modern girl like me  
(Shake it for me)

Get up off your feet, get up on that bar  
Walk that walk from Tokyo to New York  
With everything you feel and everything you are  
Walk that walk, flash the camera, flash the camera, flash the camera, you're a star

Uh-huh, I'm through with all these hyper mega bummer boys like you  
Oh yeah, I need a super graphic ultra modern girl like me  
We're hot, we're drunk, wow, look at her moving, baby, she's the one  
Oh yeah, I need a super graphic ultra modern  
Ooh, you got me la-la-la-ing

Hyper-sexy top to bottom  
Girl like me
