

Bounce Back

Charice

No excuses, you don't need to explain,
No apologies, I'm over all the pain
I pulled myself up again,
Out of the flames, I made it through
I'm officially over you

Thought I was the one
Who's gonna crumble and fall
Thought I was done
But there ain't nothing at all
I can't overcome, no, no

I bounce back
It ain't the first time that I've been knocked off my feet
Won't be the last time that I find an inner strength in me
So if you thought that I
Would break down and cry
Baby you don't even know me
I bounce back

Don't think I'm broken or losing any sleep
Cause I'm not missing what I don't really need
Make no mistake you're to blame
Feels good to say I'm brand new
And officially over you

You thought I was the one
Who's gonna crumble and fall
You thought I was done
But there ain't nothing at all
I can't overcome

I bounce back
It ain't the first time that I've been knocked off my feet
Won't be the last time that I find an inner strength in me
So if you thought that I
Would break down and cry
Baby you don't even know me
I bounce back

I'll be stronger than I ever was before
Ever better now, I already closed the door
Was caught in the eye of the storm
Still I made my way home
Bet you never thought that I
Would bounce back, oh...
I bounce back, oh...
I'm stronger than I ever was
You can't hold me down because...

I bounce back
It ain't the first time that I've been knocked off my feet
Won't be the last time that I find an inner strength in me
So if you thought that I
Would break down and cry
Baby you don't even know me

I bounce back
It ain't the first time that I've been knocked off my feet
Won't be the last time that I find an inner strength in me
So if you thought that I
Would break down and cry
Maybe you don't even know me
I bounce back
Bounce back, bounce back
Bounce back, bounce back
