

# Lesson For Life

Charice

Looking in the mirror  
Tell me tell me what do you see  
I see a star getting ready for the next movie scene  
I let go of the day when I imagine

That life is a dream  
And I've thought everything  
It's not what it seems  
It's all over, it's over

Along comes a heartache,  
Just to make you stronger inside  
Along comes a heartache,  
Just to let you know you're alive  
And that's a lesson for life  
A lesson for life, life, life  
A lesson

Though sometimes I'm awake  
I still feel stuck in fantasy  
So jealous of birds, the places  
They've been and what they've seen  
If I could fly, what would it be like

That life is a dream  
And I've thought everything  
It's not what it seems  
It's all over, it's over

Along comes a heartache,  
Just to make you stronger inside  
Along comes a heartache,  
Just to let you know you're alive

Why should I bother with reality  
Rather pretend to live lavishly  
I'll make a ship and swim the seven seas  
If I wanna, until

Along comes a heartache,  
Just to make you stronger inside  
Along comes a heartache,  
Just to let you know you're alive

Along comes a heartache,  
Just to make you stronger inside  
Along comes a heartache,  
Just to let you know you're alive  
Just another lesson for life  
Just another lesson
