

Innocent

Charlene Soraia

Your heart's only as good as the last one you loved
He alone can undo loves spell
Your heart's only as good as the last one you touched
He wrote every weakness so well

So don't expect to fall to fast
Be wild and free, be who you are
No one's out to get you
Oh but are you innocent
Tell me are you innocent

Your heart's only as good as the last one you touched
He wrote every weakness so well

So don't expect to fall to fast
Be wild and free, be who you are
No one's out to get you
We're all helpless in the dark
Don't keep your head in the sand
Outsmart times cruel hand
No one's out to get you
Oh but are you innocent
Tell me are you innocent
