

Wishing You Well

Charlene Soraia

I'm down by the wishing well,
wishing you well.
I've been anticipating your return my girl
So come sit,
take a trip with me
on this here grass.
Deep inside my pocket I have
special gifts for us.

And we make dandelion wine amongst other gifts
for the cost of a kiss.
Come sit with us, take a trip.
And we go...

I'm down by the wishing well,
wishing you well.
I've been anticipating your return my girl
So come sit,
so come trip with me in my "oh".
Deep inside my pocket I have
special gifts for us.

And we made dandelion wine...
Mmm...
