

# Luv Jones

Charles Bradley

Oh...

Luv Jones  
I got a Luv Jones  
The kind you wanna take home  
When you don't wanna be alone  
I got a Luv Jones  
I got a Luv Jones

Oh...

Passion, burning with desire  
Come on, baby, feel my fire  
Ignite your love and take me higher

Can't stop what you start  
Can't stop what you got  
Baby, it's hot  
Woo

Oh...

I got a Luv Jones  
Baby, it's you  
To make me feel so real, baby  
I know it's you and me, baby

I got a Luv Jones  
I got a Luv Jones

Oh...

Luv Jones  
I got a Luv Jones  
The kind you wanna take home  
When you don't wanna be alone

Can't stop what you start  
Can't stop what you got  
Climate burning hot  
Take me to the top

Can't stop what you start  
Can't stop what you got

Ah, ah...  
Yeah  
Ah, ah  
Woo wee  
That's crazy
