

# Where Do We Go From Here

Charles Bradley

Where do we go from here?  
Where do we go from here?

Baby, I know you love me  
Make me stronger, don't make me weak  
Give me that candy, play with my mind  
You're begging me down  
Not making this strong  
I know that you're wrong  
Baby, now it won't be too long

Where do we go from here?  
Where do we go from here?

Gotta make that change  
We gotta all make them changes

My brothers and my sisters  
It's time to make this world a brighter place  
For the generation to come  
Can find love and peace  
What for the last of it  
So I'm gonna tell you over and over again

Brothers, sisters, listen to me  
From the heart, oh  
Come on  
Come on

Ooh, oh  
Where do we go from here?  
Where do we go from here?
