Charles Hamilton

Ayo
I really like my name
I really fuckin' like my name
They say I try to hard to be different
Well bitch I beg to differ
Tell every hater to head for the zipper
You hate me? Then you never were a listener
It's that deep I swear my logic is mad logical
But cats got it all backwards like I'm comical
Only thing at stake is a pasta bowl
But I know Charles you gotta have the hottest flow!
Take a look at your artists You can't stop the show
That's why I put them on The show stopper flow
Kinda like a Rucker player but not as slow
Kinda like a NBA player but not a hoe
More like David Stern with claustrophobia
Charles we know you love attention but all the phony stuff?
Ok I'll relax & be a citizen
But don't frown when I get up on my shit again
Charles Hamilton Some kinda wonderful
Some kinda somethin'
Somethin' else
Boy you somethin' else
Boy you somethin' else
Conceited Futhermucka Now aren't ya Now aren't ya Now aren't ya
Conceited Futhermucka Now aren't ya Now aren't ya Now aren't ya
It's the youtube legend A she in he's clothing
Won't beat a hoe believe a hoe speaking slowly
Won't be a hoe so leave me alone
Until I receive a note saying we see your focus coming from
Whoever has the most money to provide
For my weed habit & my sample beat-making craft
Hi I was Edgar Allen Poe in a past life
Instead of rapping I just wrote about the fast life
Morphed back into Houston for the music
Only to find that society was abusive
Oh I get it y'all only want true shit
Ok so I could've been the hottest in music
Then I willed out or did I?
For some reason I thought it was organized
Here we go more of the lies
Hop off the organ that resides between my thighs
Charles Hamilton Some kinda wonderful
Some kinda somethin'
Somethin' else
Boy you somethin' else
Boy you somethin' else
Conceited Futhermucka Now aren't ya Now aren't ya Now aren't ya
Conceited Futhermucka Now aren't ya Now aren't ya Now aren't ya
I stay in my home playing the role of dictator
Paying no payment to my statue of Raven Simone
That's so Charles Hamilton a majorly creative way of saying
I spend most of my days alone
Just hating on the game that I happened to have mastered
You rap bastards mad cause I spaz & have what matters
Character
But while I'm all morally intact

You all go balling in the caddilac fact
My swagger is that of a little league batter
Strike out or home run there's still laughter
So who's madder the pitcher or the catcher?
Answer the dad who had to listen to you bastards
Yackety Yack Don't come back with an attack
Just ask yourself if you even ready for that
My balls said my voice is too heavy to rap
So these padded walls said I should be rapping all day that's crazy
