

## Prayer

Charles Manson

Early in morning  
High with my mind up in blue sky in prayer  
I pray that there will be peace on Earth everywhere  
Peace on earth everywhere  
In the air  
True life I feel you growing  
To be judged by the fruit that we bear

The fruit that we bear  
Will be there in the heart of the bear  
All the way  
[?]  
All the way  
All day and all night for sixty years
