

Borrowed Time

Charley Crockett

Tell the truth, shame the devil
He's gonna fool you if he can
I'm telling you it's gonna be double
Better leave this gambling man

You're tried and tried
Mama, I've lied and lied
It don't matter what you do
I just can't be satisfied
I want to be free, that's my only crime
Loving you on borrowed time
Loving you on borrowed time

You can't stop what's already coming
I thought you'd know by now
Can't you see it's sure to be trouble
You know what I'm talking about

You're tried and tried
Mama, I've lied and lied
It don't matter what you do
I just can't be satisfied
I want to be free, that's my only crime
Loving you on borrowed time
Loving you on borrowed time

Well this game, it don't mean nothing
We're just rolling in the tide
Yes it's true that I've been struggling
I'll never leave this old world alive

You're tried and tried
Mama, I've lied and lied
It don't matter what you do
I just can't be satisfied
I want to be free, that's my only crime
Loving you on borrowed time
Loving you on borrowed time

Loving you on borrowed time
Loving you on borrowed time
Loving you on borrowed time
Loving you on borrowed time
Loving you on borrowed time
