

## Lost In The Lonesome Pines

Charley Crockett

I could see the snow fallin'  
It drifted out of view  
I could not hear you callin'  
The clouds have fallen through

Lost, lost in the lonesome pines  
Never will I see you  
Lost, lost in the lonesome pines  
You are never be

Just to have somebody to tell my story to  
I feel I just got started, my journey ain't ending

Lost, lost in the lonesome pines  
Never will I see you  
Lost, lost in the lonesome pines  
You are never be

The fields and rows not planted  
Will have to wait 'til spring  
And if I ever reach them  
Perhaps, I will kiss you once again

Lost, lost in the lonesome pines  
Never will I see you  
Lost, lost in the lonesome pines  
You are never be

Lost, lost in the lonesome pines
