

## Silver Dagger

Charley Crockett

Last time she come down  
She spread her lovin all over this town  
They say she carry, carry silver dagger  
Lady never stagger to cut me down

Oh no, help me darlin please  
You see me round here, in the night, on my knees  
You take me down, now my smile a frown  
Doubt I'll ever get out

Last time she come down  
She spread her lovin all over this town  
They say she carry, carry silver dagger  
Lady never stagger to cut me down

Oh no, How I'm gonna make it through  
All these things I fall victim all because of you  
She take me under, Oh my heart got plundered  
Girl got me bleeding through the sink

Last time she come down  
She spread her lovin all over this town  
They say she carry, carry silver dagger  
Lady never stagger to cut me down

Last time  
She come down  
She spread her lovin  
All over this town  
Lady with the silver dagger got me now

She so evil  
She so evil  
She so evil, Evil, evil  
Eeeeeeeevil
