

# Trinity River

Charley Crockett

Trinity river, such a dirty little river  
But that don't bother me  
Dirty little river gonna get me clean  
Trinity river  
Though, because I cry  
Gon' keep me honest with everybody tellin' lies

Damn center evening hung everywhere  
Gamblers turn their cars  
And drinkin' on that whiskey hard  
Damn center evening flows through my head  
I had the sweetest dream  
I was floatin' in the river dead

Trinity river, such a dirty little river  
But that don't bother me  
Dirty little river gonna get me clean  
Trinity river  
Though, because I cry  
Gon' keep you honest when you're tellin' lies

In this river city  
Nothin' ever lasts  
Beside the lonesome noose  
Starin' back at you  
In this river city  
One thing you can show  
Whatever you got to give  
Somebody gonna get some gold

Trinity river, such a dirty little river  
But that don't bother me  
Dirty little river gonna get me clean  
Trinity river  
Though, because I cry  
Gon' keep me honest even though they tellin' lies

Trinity river, dirty water risin' up  
Trinity river, couldn't drown me fast enough  
Trinity river  
Though, because I cry  
Gon' keep you honest even though you're tellin' lies
