

Visions Of Dallas

Charley Crockett

I was having visions of Dallas
As I passed through Tennessee
Trying to lose familiar feelings
The ones that washed all over me

No, I can't shake that city
It's got me in a spin
Having visions of Dallas
All over again

Thought I'd try California
Settle down and quit the game
Only ended up working harder
At forgetting my last name

No, I can't shake that city
You can't win a fixed fight
It's these visions of Dallas
Running wild through my mind

Well, the first time I left Texas
I promised not to return
But in spite of all of my efforts
There's some bridges you can't burn

No, I can't shake that city
And all the good she's done for me
Having visions of Dallas
Late at night in Tennessee

Having visions of Dallas
Late at night in Tennessee
